

Bahir Dar

Industrial Park

B/Dar Industrial Park is one of the 13 parks in the country and The construction of the park started in October 2017 with an area of 150 hectares of land for which 100% compensation has been paid and free land from third parties. The total construction cost is 81 million dollars and has 8 sheds.

The park has an area of 150 hectares of which 21 hectares are developed and 75 hectares are under developed, with a total of 96 hectares of free land that is free from third parties for further development.

In addition an agreement can be signed with the city administration on 1850 hectares of land.

The park is expected to play an important role in accelerating the region's economy, alleviating high unemployment rate, by creating job opportunities for about 13 thousand people when it is put to work. It plays an important role in generating 25 million dollars a year to alleviating the shortage of foreign currency, as well as in promoting the region's development and equitable use . Apart from this the promised services provided by the park included .
